Analysis of factors for favorable CTR(attention factor)

TikTok Performance Ads Creative Tips ~Human Resources Industry Edition~

Analyzing the factors that contributed to the strong CTR

1 **Video representation**

Videos with UGC-like materials such as "skit-style expressions," "question expressions," and "Vlog-style expressions" performed well

2 **Appearance of a person in the video**

Videos with people in them are doing better

3 **Campaign appeal**

Strong CTR results compared to videos not promoting the campaign

4 **Arousal of issues**

The video's opening paragraphs, such as "running out of money" and "looking for a part-time job is a hassle," evoke issues are appealing, and appeals to make them your own are doing well

5 **Narration/ BGM**

If there is a narration (NA), the CTR will be good regardless of the background music

01 **Video representation**

Videos with UGC-like materials such as "skit-style expressions" "question expressions," and "Vlog-style expressions" performed well

Video by expression Different CTR

CTR Relatively good

CTR Relatively good

CTR Relatively good

| Skit style expression | Question expression | Vlog style expression | I tried ◯◯ | Enumeration of benefits | Animation |

01 | **Video representation**

Specific examples of "Skit-style ", "Question expression" and "Vlog-style expression"

TOP1 | **Skit-style**

友達と買い物中の
あるある

Titled common things while shopping with a friend, it is expressed in a skit style.
Expand the strength of the service in the second half.

TOP2 | **Question expression**

一万円あったら
何買う？

With an incentive of 10,000 yen for using the service, "What would you spend it on?" to be the video unfolds in the form of a question.

TOP3 | **Vlog-style expression**

20代独身
散財女子の節約術

Use Vlog video with UGC feeling.

The video was developed from the angle of saving money, and the incentive for the service (¥10,000) was promoted in the latter half of the video.

Compared to "animation" and "a list of merit appeals" with a strong official feeling, CTR was better for video expressions that used shooting materials with a sense of UGC. In particular, skit like videos that are shown in situations are effective.

02 **Characters in video**

Videos with people appearing have better CTR results

Persons appear in the video

Compare to "No person appears"

Average CTR is about

30%UP

No person appears in the video

日給例 12,000円

04   **Arousal of issues**

Initiating the video with relatable concerns like 'Running Low on Funds' and 'Hassle of Job Hunting,' and transforming them into personal stories has proven to yield a favorable Click-Through Rate (CTR).

Examples of raising issues

Running low on funds

Searching for jobs is a hassle

Expenses pile up

今月は金欠で
無理ですが・・

バイトの求人探すの
面倒くさくない？？

長期休みは
出費が重なるし

"No Arousal of issues"
Compared to the video with
**Average CTR is about**

43%UP

The aim is to attract interest in the video by appealing to issues that are easy to sympathize with, such as "lack of money," "hassle" and "overlapping expenses," to a target audience looking for part-time jobs.

05 | **Narration / BGM**

With narration (NA), CTR results are good even without the BGM

Comparison of CTR for Narration with/ without BGM

NA○ / BGM○   NA○ / BGM✕   NA✕ / BGM✕
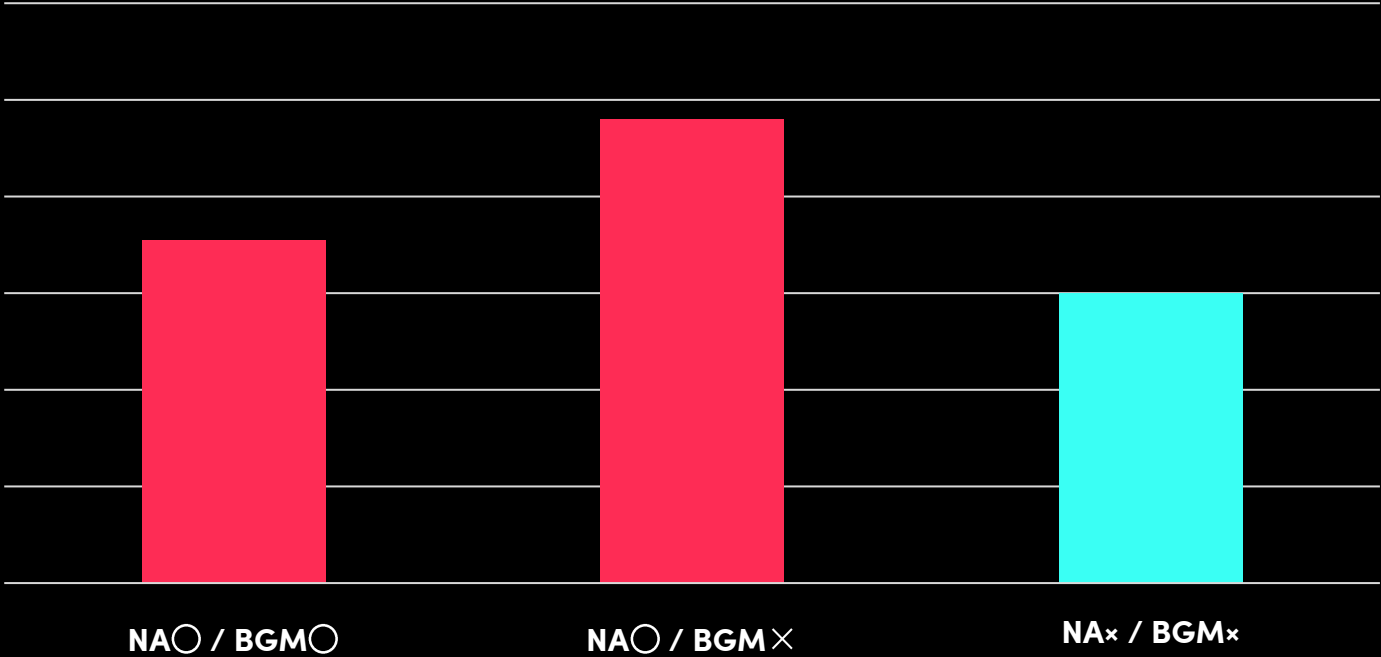

※ Items with an N number of 5 or less are excluded.

Based on the survey results of skit-style videos and the ease of listening, it is speculated that the appealing points of the narration will be easier to convey without background music.

TikTok for Business   TikTok Performance Ads Creative Tips ~Human Resources Industry Edition~   **24**

Analysis of factors for favorable CVR(action factor)

Analysis of the factors behind favorable CVR

1 **Service UI**

UI presentation that conveys the ease of use of the service is strong.

2 **Salary presentation**

Presenting the actual salary in the video is effective.

3 **Presentation of part-time job contents**

Introducing 3 or more jobs is effective.

4 **Expression to lower the hurdle**

Expressions that lower the hurdles, such as "inexperienced OK" are effective

5 **CTA**

It is effective to devise CTA with swipe clicks, arrows, etc.

6 **Service name**

Displaying the service name in the middle of the video is effective

01 Service UI

UI presentation that conveys the ease of use of the service is strong

Compared to the "no service UI" video

Average CVR is about

9%UP

Service UI presentation example

Presenting the procedure up to installation in the UI

Show the flow of operations

UI display that matches the end cut of the video

02 | **Salary presentation**

Presenting the actual salary in the video is effective

Salary display in actual service UI

Emphasize salary with sticker-style expressions

Compared to the "No Salary Presented" video
Average CVR is about

36%UP

Showing a list of part-time job search results on the actual screen, revealing wages alongside comprehensive job particulars, and featuring videos that, and videos that introduce salaries for multiple part-time jobs in a sticker-like design are doing well.
02 Recruitment and career change services (Web)

NICE

OO is currently hiring mid-career

rindee

03 **Presentation of part-time job contents**

Introducing 3 or more part-time job is effective

CVR by number of byte content presented in video

CVR Relatively good

| none | 1-2 pieces | more than 3 |

TikTok Performance Ads Creative Tips ~Human Resources Industry Edition~

04 **Expression to lower the hurdle**

Expressions that lower the hurdles, such as "inexperienced OK" are effective

There is an expression that lowers the hurdles of part-time work

Compared to
"no expression to lower the hurdle"
Average CVR is about

92%UP

忙しくても
大丈夫！！

Examples of doing well expressions

Offer of conditions	Even high school graduates / inexperienced OK / Work from home OK etc...
Instant payment	Daily payment possible /same day payment
Simplicity	Resume/interview not required/Same day hire

Many ads focused on highlighting 'benefits of the job', 'instant payment', 'ease of use', and the convenience of starting without hassle.

05   **CTA**

It is effective to devise CTA with swipe clicks, arrows, etc.

CTA ingenuity example

Animation prompting click with finger icon

Creators Encourages Swipe

Promote downloads with app store UI

Compared to videos with "no CTA expression"
Average CVR is about
64%UP

06   **Service name**

Displaying the service name in the middle of the video is effective

CVR by seconds of service name appearance

| Beginning | Early part of the video | Middle of the video | End of video |

※ **2 seconds is the outset, 2 to 10 seconds is the early stage, 11 to 20 seconds is the middle, and 21 seconds or more is the end.**

Summary

TikTok for Business

Summary of factors for favorable CTR/CVR

CTR favorable factor (attention factor)

- **Expressions that evoke challenges at the beginning of the video**

- **Use shooting materials with a sense of UGC** such as "skit style" and "Vlog style"

- **Narrator, not concerned** with background music

- **Put people** in your videos

- Presenting **campaign** details in the video

CVR favorable factor (action factor)

- Presenting the **UI of the service** to clarify the usage image

- **In the middle** stage Providing **service name**

- Show the actual **part-time job salary**

- Present **3 or more part-time job descriptions**

- Include expressions **that lower the hurdles for part-time jobs**, such as "inexperienced OK"

- Encourage downloads with expressions that **encourage clicks** with end cuts

Subject of analysis

- Extraction period: March 30, 2022 – March 30, 2023

- Extraction conditions: For the purpose of Japanese TikTok Performance Auction Web Conversion Targeting advertisements in the human resources industry with more than 50,000 impressions and 20+conversions.

- In addition, in order to make a fair data comparison, while ensuring the Number of samples, the ad placement settings are Lowest Cost, Equipped without gender targeting.

- A total of 94 videos that met the above conditions were subjected to analysis.

In the web advertisements in the section

"Recruitment Services,

How much impact does an LP have?"

TikTok for Business

Compared to other industries, the correlation between CTR and CVR is strong results

Correlation coefficient between CTR and CVR in each industry (web)

Human Resource Change Industry (WEB)	Financial Card Loan Industry (WEB)	EC Industry (WEB)
0.64	**0.15**	**0.07**
Quite a correlation	**No correlation**	**No correlation**

※ This is the result of verification using the same extraction conditions as the human resource career change industry.
The value of the correlation coefficient may change depending on the sampling period and the granularity of industry classification.
As a trend, there is no change in the fact that the correlation is not high.

It is thought that many of the clicks are from users whose needs for changing jobs have become apparent.

Rather than improving LP, improving video creative is a priority measure to increase the number of CVs.

Compared to the video of
Average CVR is about
28%UP

**The willingness to use the service to try out the appropriate job diagnosis is thought to have led to the strong CVR.
Videos showing samples of diagnostic results in graphs and appealing the free service are performing well.**

Summary

TikTok for Business

Summary of factors for favorable CTR/CVR

CTR favorable factor (attention factor)

- **Use shooting materials with a sense of UGC** such as "experience narrative style" and "skit style"

- **Put people** in your videos

- Machine voice or live voice with **female narration**

- Expressions that **lower the hurdles of changing jobs**, such as "status" and "environment"

- Promoting the **simplicity of registration** in the video

CVR favorable factor (action factor)

- **Positive** expressions **from beginning to end**

- Make it personal with **expressions that identify the target.**

- Present specific **income examples in numbers**

- Display the **service name from the beginning**

- Presenting **facts that increase credibility/authority**

- Incorporate **diagnostic content** into your videos

Part-time job/change of job Comparison of favorable factors

part-time job

CTR favorable factor (attention factor)

- At the beginning of the video, use an expression that evokes a problem ⭐
- Use of UGC-like shooting materials such as "skit style" and "Vlog style"
- Put people in your videos
- With narration, less than picky about BGM
- Show campaign content in video

CVR favorable factor (action factor)

- Presenting the UI of the service to clarify the usage image
- In the middle show the service name ⭐
- Show the actual part-time job salary
- Present 3 or more part-time job descriptions
- Include expressions that lower the hurdles for part-time jobs, such as "inexperienced OK" ⭐
- Encourage downloads with expressions that encourage clicks with end cuts

change jobs

CTR favorable factor (attention factor)

- Use shooting materials with a sense of UGC such as "experience narrative style" and "skit style"
- Put people in your videos
- Machine voice or live voice with female narration
- Expressions that lower the hurdles of changing jobs, such as "status" and "environment" ⭐
- Promoting the simplicity of registration in the video

CVR favorable factor (action factor)

- Positive expressions from beginning to end ⭐
- Make it personal with expressions that identify the target.
- Present specific income examples in numbers
- Display the service name from the beginning ⭐
- Presenting facts that increase credibility/authority
- Incorporate diagnostic content into your videos

※The ★ mark indicates different results between the part-time job recruitment service (app) industry and the recruitment and career change service (web) industry.

Thank you!
